

THE ART OF LIGHTWEIGHT LIGHTING

Welcome to a new range of lightweight lighting fixtures tailored to film and video professionals.

Today's demanding production schedules can be hard work, especially for the lighting technicians when creating the best lighting "on the fly".

The BBS Lighting FLYER is a ready-to-go lighting kit. The FLYER is designed to be lightweight, mobile and compact without compromising the high quality that BBS Lighting has become known for. The FLYER is versatile by its optical design. The Integrated Soft light Diffusor creates an Omnilight with perfect light distribution.

FLYER LED Features

- Lightweight - Head weighs just below 1kg / 2.2 lbs
- Cool running LED Technology
- Variable color-temperature from 3000°K to 5600°K
- Full range dimmer
- Integrated Soft light Diffusor
- Black Out function
- Operates on Goldmount or V-Lock batteries
- Integrated Beltpack for remote controller and battery plate
- Molded transport case with room for extra accessories
