PIPELINE REPORTER TM

THE PERFECT SOFT LIGHT

BBS offers the Pipeline Reporter 3200K, 4300K and 5600K Kits, made to address the challenges of traveling Correspondents who often deliver their reports via Skype or Messenger from a webcam on a desktop.

The Pipeline remote phosphor LED fixtures in the Reporter Kits deliver modeled lighting with Ultra high TLCI, to an on-camera reporter under a wide range of ambient lighting conditions. The footprint of each fixture occupies very little space and set up takes just a minute. Silky softness and high Color Fidelity makes Pipeline a unique source for any skintone.

Each 2-fixture kit, complete with versatile power accessories and everything else needed, Comes in its own lightweight case that easily meets on board travel regulations.
